I am proud to announce the launch of our website www.charitywagon.com !!!! Special thanks most go to John from Jellway Design for donating the web space and initial setup of the website. It includes links to our sponsor's websites, photos of previous trips and news blogs. Also it has a live update page which will allow me to post messages on the site when we are on the 2008 BASH, nice work John.

The Mischief and Mayhem Trivia Night will be held on Saturday the 19th of April at the Mt Gravatt Show Grounds. Tickets will be \$10 dollars per person with supper included. We will have raffle tickets available at the door with some awesome prizes, including a microwave oven, Tiffany slow cooker, his and her towel set and a \$50 gift certificate. We have prizes for the first and last place tables plus the winner of the Heads and Tails game. It is shaping up to be a fun and brain testing night, so please contact me to pre-order tickets.

The t-shirt stall has relocated to the Chandler Markets after some problems at the Woodridge Markets. Greg and Scott showed up at 4.00 am only to be told that there was no room, not real happy. We are at Chandler every Sunday until the 16th of March, selling the quality products donated by Sunprints. We have lots of kids clothing from size 2 – 10, so if you have kids, Nieces or Nephews come down and have a look.

The car is still out at Ian Well Automotive which does not sound good but Ian has a shored me that it will be back on the road soon. Ian and some of his mechanic mates are all amazed that the car has done 100 km's not 12000 km through the bush. He did ask me if a 3 year old had been working on the engine, I responded no but he was a kiwi. The decision has been made to convert the 302 Cleveland into a 351, which will give the engine a lot more torque and mean less stress on the engine block.

Still plenty of space on the car if anyone knows any companies interested in donating to help sick and disadvantaged children in Queensland.

Cheers
Brett
